Application For Bill of Particulars Is Filed

Makes Reply to New York Central Federated Union.

IN THE CASE OF HAYWOOD

FORMER LETTER QUOTED.

Prosecution Does Not Claim That the Defendant Actually Took the Life of Governor Steunenberg, but Guilty of Conspiracy.

Chief Executive Will Endeavor to See to It That Moyer, Haywood and Pettibone Are Given a Fair Deal in Their Trouble.

Boise, Ida., May 6.—Application for bill of particulars, filed by counsel for the defense in the case of W. D. Haywood, secretary and treasurer of the Western Federation of Miners, who on Thursday next will be placed on trial charged with the murder of former Governor Steunenberg, have come up for argument before Judge Fremont Wood.

E. F. Richardson of Denver and Clarence S. Darrow, of Chicago, represented defendant and argument on the part of the state was presented by Senator W. E. Borah and O. M. Vanduyen, public prosecutor. Senator Borah has been retained as special counsel in the case of the state to assist James H. Hawley, leading counsel in this celebrated case. Counsel on both sides admit that the application for a bill of particulars will not likely affect the case materially.

A bill of particulars in a case of murder is somewhat unusual, but as this case presents certain particular features counsel for the prisoners express themselves as being of the opinion they should complete their record by the course they have taken.

William D. Haywood is charged with the actual murder of Governor Steunenberg. It is admitted by the prosecution that Haywood was not in the state of Idaho at the time the murder was committed, but the claim of the state is that Haywood conspired with the actual executor of the crime and that, therefore, he is guilty of the crime.

President Roosevelt's letter to the committee of New York labor unions replying to their request for evidence as to his reasons for calling Haywood, Moyer and Pettibone "undesirable citizens," was published here in the Idaho Statesman, a morning paper. The reply has aroused no little comment.

KNOWLES' COURTMARTIAL.

Captain Macklin Tells of the Assault That Was Made Upon Him.

Fort Sill, Okla., May 6.—The court-martial to try Corporal Knowles, charged with attempting to kill Captain Edgar B. Macklin at his home at Fort Reno on the night of Dec. 21, 1906, convened here Monday. Corporal Knowles was a member of the Twenty-fifth infantry, whose members were discharged by President Roosevelt for alleged connection with the Brownsville affair. The attack upon Captain Macklin followed closely after the discharge of Knowles and his comrades.

Captain Macklin was the first witness called. He told of his fight with his assailant on the night he was shot. Corporal Knowles will try to prove an alibi.

DR. WATSON NO MORE.

Noted Scotch Divine and Author Passes Away After Brief Illness.

Burlington, Ia., May 6.—Rev. Dr. John Watson (Iam McLaren) died at Mount Pleasant, Ia., at 11:15 o'clock Monday. The cause of death was blood poisoning, the result of tonsillitis. He was taken ill at Mount Pleasant April 25.

MEXICO-GUATEMALA.

Diplomatic Relations Between the Two Republics Have Been Severed.

Washington, May 6.—The state department has received information to the effect that diplomatic relations between Mexico and Guatemala has been terminated. The outcome is awaited with apprehension.

Alive and Well.

PROMISE OF PRESIDENT

FORMER LETTER QUOTED.

Chief Executive Will Endeavor to See to It That Moyer, Haywood and Pettibone Are Given a Fair Deal in Their Trouble.

New York, May 6.—In a letter read Sunday before the Central Federated Union, President Roosevelt states that if evidence is submitted to him showing that there has been a miscarriage of justice for or against Haywood and Moyer, awaiting trial at Boise City, Ida., charged with the murder of former Governor Steunenberg, he will bring such evidence to the attention of the attorney general for such action, if any, as may be in the power of the Federal authorities to take.

The communication was the formal reply of the president to the committee of miners who recently called on him at the white house, and requested him to set forth in general his attitude toward the accused men and specifically why he had referred to Moyer and Haywood as "undesirable citizens."

In making his report the chairman, John Henry, said that the committee had spent more than an hour with the president, at which time the matter in hand was thoroughly discussed. The president signified his intention of formally replying to the letter which the chairman read. Following the reading there was an animated discussion, during which the chairman and William Coakley, a member of the committee, stoutly defended the attitude of the chief executive. It was finally voted to send a copy of the letter to counsel for Moyer and Haywood.

In his reply, the president quotes at length from a letter written by him more than a year ago to the attorney general, in which he says that "Our duty is (if it should ever happen that we had any power in the matter) to see that exact justice is done to these men."

MUCH DELAY.

There Has Also Been Considerable Expense Incurred.

Boise, Ida., May 6.—Practically every available room in Boise has been reserved for lawyers, witnesses or newspaper men in attendance on the court which will try William D. Haywood on the charge of murdering former Governor Steunenberg.

The history of the cases of the men charged with the murder of Gov. Steunenberg shows much delay, all of which has been necessarily expensive to the state of Idaho and to the defense. The state has already paid bills totalling \$52,000, and at the last session of the legislature of Idaho an appropriation of \$50,000 additional was unanimously passed, all parties concurring.

When Governor Steunenberg was assassinated the Mine Owners' association offered a reward of \$5,000 for the arrest of the murderer. Later this amount was returned to the mine owners by Governor Gooding, with the statement that the state of Idaho would defray the cost of the prosecution of the murderer whoever he might be.

The defense fund raised by union labor throughout the country and an emergency fund by the miners' federation is reported to be very large, and the total cost of carrying on the case from first to last will be enormous.

SOCIALISTS PROTEST.

One Speaker Bitterly Denounced the President's Statements.

Mobile, May 6.—The Socialists of Mobile and surrounding places held a largely attended meeting at Fair Hope, the single tax colony on the eastern shore of Mobile bay, Sunday, and were addressed by W. Williams and T. N. Freeman of Chicago. The former bitterly denounced the president's statements as to the undesirability of Moyer, Haywood and Pettibone as citizens, and the latter criticized in milder tones. Resolutions were passed by acclamation declaring that the rights of citizens have been menaced in the proceedings against the western miners and condemning the president's criticism. A collection was taken up for the benefit of the miners.

Estrada in Command.

Puerto Cortez, May 6.—General Juan J. Estrada is in command of this city. He is a Nicaraguan officer.

Will Visit Argentina.

Buenos Ayres, May 6.—King Carlos of Portugal, will visit Argentina after his trip to Brazil, early next year, according to a cable dispatch received here from Lisbon.

THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas as second-class matter.

BY CARNES & WALLACE

BRYAN, TEXAS, MAY 7, 1907

According to the Galveston News of yesterday, both Senator Harper and Representative Davis of our senatorial and representative districts respectively may be candidates for congress from this district. In forecasting the future course of members of the house and senate the News gives the information. Of the present state senator the News says: "Senator Harper may be a candidate for congress, but is undecided." Of Representative Davis the News says: "Wilbur C. Davis of Brazos, if he runs for representative of his district, may be a candidate for Speaker. If conditions are favorable, however, he will offer for Congress from the Sixth Congressional district. The chances are that the latter will be his decision."

FLATTERING OFFER DECLINED.

Mr. Frederic Literature, director of music of the Texas Woman's College, has just received a flattering offer from a North Texas college to accept the directorship of its music department at a salary in excess of that which he is now receiving here. The Eagle is glad to announce, however, that the offer has been declined by Mr. Lillebridge, who is not only pleased with the success of this department of the T. W. C. up to this time, but who believes the school and the music department have an exceedingly bright and promising future. The determination of Mr. Lillebridge to remain here is most gratifying.

CLASS BANQUET ANNOUNCED.

The New Movement Class of the First Baptist Church, of which Dr. Geo. B. Butler is teacher, Mr. H. A. Berger president, and Mr. W. S. Howell secretary, will tender a banquet to the married men of the church and their wives and to the young men twenty years old and up, on the evening of Monday, May 13. The banquet will be held in the upper rooms of the church building, and a splendid program

is being arranged for the occasion. President Harrington of the A. and M. College has been invited to address the class on the subject of "Business and Religion" next Sunday morning.

PARSONS' AMUSEMENT PARK.

Mr. C. G. Parsons announces that he is establishing an amusement park in a beautiful three acres inclosure in the northwest part of town, the land formerly being known as the Braatz ball ground. The grounds will be open three days a week exclusively for white people and three days for colored people. There will be a skating rink, dancing pavilion, baseball ground and a merry-go-round. The merry-go-round has been ordered and will arrive about June 1. The improvements will be of a substantial and attractive character.

BAKER-CAVENDER.

Mr. C. L. Baker of this city and Mrs. Annie Cavender of Waco were married on Sunday at the home of the bride in that city. Mr. and Mrs. Baker arrived in Bryan yesterday morning and are at home with Mr. and Mrs. W. B. Baker, parents of the groom.

Mr. Baker's marriage came as a surprise to many friends in this city, and he was kept busy yesterday receiving their congratulations. He is well known and popular throughout the county as a man as a peace officer.

Mrs. Baker will be cordially welcomed to her new home in this city. She is a lady of estimable character, much esteemed by friends in the home city she leaves.

WILL LECTURE SATURDAY NIGHT.

Capt. H. H. Sargent, military instructor at the A. and M. College, will deliver a free lecture Saturday night, May 11, at 8 o'clock, at the Assembly hall at College, and all the people of Bryan are cordially invited to attend. Capt. Sargent will speak on a question of world wide special interest at this time, "The Limitation of Armaments and Arbitration." Capt. Sargent is not only a veteran soldier, but a fine writer on matters military, and a ready speaker. His lectures are always full of interest and information. Inasmuch as his time of service at the College will end with the present term of school, it may be the last opportunity many will have to hear him.

REVIVAL WILL CLOSE TONIGHT.

Twenty-Three Persons Were Received into the Church Sunday Night

—Thirteen Were Baptised.

Evangelist Law preached powerful gospel sermons at the Methodist church Sunday morning and evening. The subject of the morning sermon was "Behold I Stand at the Door and Knock;" and at the evening service, "What Will You Do with Jesus?" At the men's meeting at 3 o'clock Sunday afternoon the evangelist compared the life of sin and its wages of death with the life for Christ and its wages of eternal life. Sin in its various forms was forcefully denounced and its inevitable consequences shown.

There were several conversions and additions to the church Sunday night, and at the close of the service twenty-three persons were received into the church, thirteen of them by baptism.

Services will be held this morning at 10:30 and tonight at 8, when further announcement will be made. Rev. Law has a pressing engagement to hold a meeting which has already begun at Grand Saline, Texas, and will go at soon to that place. Prof. Wheeler, the choir director, left yesterday morning for Grand Saline.

There have been twenty-eight additions to the Methodist church to date since the meeting began, and several who have given their names for other churches. There were two professors at the service last night.

WENT INTO DITCH.

Ten Persons Severely Injured and Two Coaches Consumed.

Kansas City, May 6.—A Santa Fe train en route from Chicago for California was derailed at Norborne, Mo., fifty-five miles northwest of here. The engine and three cars went into a ditch. Ten persons were injured severely enough to need the services of physicians. Twelve other persons were bruised. Five of the seven cars left the track. The dining car and sleeper alone remained. The coach next to the engine was forced to leave the rails. This pulled the other cars from the track and the second coach turned over. The stove in the first coach set fire to the car and two coaches burned.

TURKS ANNIHILATED.

Seven Battalions Mowed Down by Arabian Rebels.

London, May 6.—It was announced in a special dispatch from Constantinople that seven battalions of Turkish troops have practically been annihilated during a battle with rebels in the province of Yemen, Turkish Arabia. The commander in chief of the Turkish forces is urgently calling for reinforcements.

TWO MAMMOTH SHIPS.

President Roosevelt Has Under Consideration Names For Them.

Washington, May 6.—The president has under consideration the naming of two battleships of the Dreadnaught type for which contracts are soon to be awarded. The ships will be given the names of states according to custom. Most of the states have been honored already, but there remains Delaware, Utah, North Dakota and New York that no war vessels are named for. New York is eliminated for the reason there is an armored cruiser named for New York City. When Oklahoma qualifies as a state she will give the navy department one additional name to draw upon.

It is thought likely that Delaware, the second smallest state in the Union, will be honored by having one of the greatest battleships named for her, and Utah may be the other state so honored.

MEMPHIS DELUGED.

One of the Heaviest Downpours In Years Occurs on Monday.

Memphis, May 6.—One of the heaviest downpours of rain recorded here in years, occurred early Monday, the precipitation in ten hours being 2.56 inches. Streets were overflowed, many cellars flooded and small streams quickly ran over their banks. Street-car traffic was temporarily suspended on several lines. Incoming trains were late. A washout occurred on the Southern railway thirty miles east of here. Reports from the country state that considerable crop damage was sustained by the heavy rain. A high wind prevailed. Many boats were compelled to tie up.

In north Mississippi the wind reached the proportions of a small tornado. Telegraph poles were blown down, and many outhouses unroofed. No fatalities are reported.

James Scott, a leading national union painter and a deputy sheriff of Dallas county, died at Dallas.

At a dance near Groveton, Tex., John Ashworth was shot and killed. Ollie Freeman, his cousin, was arrested.

The anniversary of the battle of Pueblo (fought May 5, 1862), was celebrated on a greater scale this year in Mexico than ever before.

Sired by Alamo Jubilee and out of Fadett Signal Queen. Test 16 lb. 2 oz.
Grandam Fadett Signal. Test 20 lb.
Great dam Croter Marie. Test 26 lb.

This bull, Signal of Bryan, is without any doubt as fine an individual as you can find in the Jersey cattle strain, and his pedigree is without a missing link as to test cows from his mother back to the imported cow from the Island of Jersey. One year ago I offered \$25.00 to \$35.00 for his heifer from 3 to 5 months old. Today they are selling from \$25.00 to \$75.00, and hard to buy at any reasonable price. This bull will make the season at my barn in Bryan, Texas.

Charges for his Services will be Five Dollars

payable at time of service with return privileges. I can prove to you that it is to your advantage to breed to this bull, as he can not be used at this price another year. For information see

REVIVED IN COFFIN.

Negro Executed Is Reported to Still Live.

Houston, May 6.—Reports received here from trainmen and negro passengers on the Southern Pacific state that John Armstrong, a negro hanged at Columbus, Tex., Friday April 19, for wife murder, revived after being placed in his coffin, and when delivered to his brother at Sealy for burial was given medical attention. It is declared that Armstrong is now living and that friends and relatives are keeping the matter quiet, fearing the state will again step in. Efforts to confirm the story thus far are without avail, but the fact that the negro's feet touched the ground when he was hanged lends evidence to the report. If Armstrong is living, he will be the only living man who has paid the death penalty. The fact that he was pronounced dead at the hanging renders the state powerless to again enforce the death penalty.

HOUSE BUSY.

Passes Several Bills at Mernin Session of Monday.

Austin, May 6.—The house was in a working mood Monday morning, as it passed finally the land bill without further amendment. The house also passed finally the bill providing emasculation as penalty for criminal assault. The house also passed to engrossment Brown of Wharton's bill relating to exceptions and appeals from court rulings.

The telephone connection bill was considered in the house and there was much opposition to the measure, notwithstanding the fact that it is a platform demand and was one of the subjects submitted by the governor in his call for the special session. Representative Kennedy said that such measures as that have no place on Democratic platforms, but now that it is here, the house has to make the best of it.

The senate has already passed Senator Brachfield's bill on this subject and when this bill came up in the house Representative Ray moved to substitute his bill for the senate measure and this was debated at the morning session.

The house refused to concur in the senate amendments to the franchise tax bill and asked for a conference committee. Representatives Kennedy, Beatty, Terrell of McLennan and Mobley and Camp were appointed on the part of the house and Senators Wilkey, Green, Skinner, Masterson and Brachfield were appointed on the part of the senate.

The senate passed finally Senator Faust's bill providing that before district and county attorneys can collect fees in examining trials the evidence of the material witness must be reduced to writing and sworn to.

The appointment of Judge N. A. Cravens as state revenue agent to succeed B. O. Cannon was confirmed by the senate.

Senator Senter introduced a bill creating a commission for the next legislature looking to reforming the judiciary system of the state.

The proposition to repeal the present stenographers act and providing less expensive method, was debated at length in the senate.

MUST DISINFECT ALL.

State Health Officer Brumby Will at Once Issue Regulations.

Austin, May 6.—At request of State Health Officer Brumby Attorney General Davidson wrote an opinion construing the act of 1903, regarding disinfestation of public buildings. The attorney general held that not only all public buildings come within the provisions of the act, but also school rooms, hospitals, lecture rooms, railroad depots, opera houses, club rooms, rooms for exhibition of moving pictures, hotels and restaurants. State Health Officer Brumby said that he will at once issue rules and regulations in accordance with the ruling of the attorney general and he will see that they are rigidly enforced. He is also preparing regulations for requiring screening of houses.

CAPTAIN CHEW DEAD.

Prominent Citizen of Houston Departs
This Life at Marlin.

Marlin, Tex., May 6.—Captain F. F. Chew, a prominent citizen of Houston, died here at an early hour Monday morning, aged sixty-seven years. Captain Chew suffered a stroke of paralysis about ten days ago and was brought here in the hope that the hot water treatment would restore him to health.

But Five Votes Cast.

Hearne, Tex., May 6.—There were five votes polled in the school trustee election held here and three of them were thrown out on account of a change in ballots. The polls were closed a short time after being opened owing to a misunderstanding concerning the ballot being used.

Confesses Crime.

Chicago, May 6.—Angelo Serpicio confessed to the police that he shot and killed his cousin, Salvatore Serpicio, who was found dead with two bullet wounds in his body. Serpicio declared the shooting was the result of a quarrel over a woman to whom both had been attentive.

Killed by Steam Plow.

Plainview, Tex., May 6.—J. H. Terry of this place, while operating a steam plow, fell under the wheels and his head was crushed to a pulp. He leaves a widow and several children.

NO CARS RAN.

Complete Street-Car Tieup on at San Francisco.

San Francisco, May 6.—The street car motormen and conductors struck Sunday, tying up the street car system of this city. In lieu of the cars all sorts of vehicles, from automobiles to express wagons, were used by the public.

The motormen and conductors of the United Railways voted to declare a strike after having failed to obtain an eight-hour day and a flat wage of \$3. The strikers have been reinforced by the stationary firemen, who demand recognition of their union and an increase of wages from \$2.75 to \$3.25 per day. It is probable that other allied unions will come to the support of the platform men. There was no disorder, and no attempts were made to take cars from the barns.

OUTLOOK NOT BRIGHT.

No Immediate Settlement of Labor Difficulties Is Probable.

San Francisco, May 6.—The outlook in the labor situation here is not particularly bright and no chance for immediate settlement of any questions now involved at present is apparent. The telephone strike has crippled the service and the two systems are practically at a standstill. Operators are securing support from all directions and it is feared the linemen will go out on a sympathetic strike. In the case of emergency hospitals it has been found necessary to dispatch mounted police to act as messengers and general business has been affected. So far no disturbances to amount to anything have accompanied the strike.

LEGAL COMPLICATIONS

They Have Developed in the Fight on Breweries in Kansas.

Kansas City, May 6.—What is believed to be one of the last stages of Kansas' twenty-year fight against the liquor traffic, namely, the seizure of brewery property by the three receivers recently appointed by the state supreme court, is developing legal complications.

After a week's work and visits to five cities in the state, the receivers have taken possession of several hundred saloons and some other property known to be owned by some of the nine indicted brewery agents, according.

GOVERNOR HOCH OF KANSAS.

King to the receivers, the title to some of their property being hurriedly transferred, and this the receivers have not molested, desiring first to gain a ruling on their status from the legal department.

At Pittsburg the receivers encountered a new proposition when they visited Idle Hour park, a beer garden operated supposedly by the Heim Brewing company. The receivers intended to take charge of this property with the avowed purpose of selling it and turning the proceeds into the state treasury, but the agent in charge insisted that the brewing company owned the fixtures only, and that the grounds and buildings belonged to him. The receivers decided to make no move there at present, and went to Topeka for legal advice.

LADY BUG UTILIZED.

This Insect Found to Be Parasite of the Green Bug.

Kansas City, May 6.—The campaign in Kansas and Oklahoma to exterminate the green bug, which has been doing much damage to wheat, is developing interesting features. The main effort is being directed in the collection and distribution through the affected districts of the lady bug, so called, which Professor Hunter, entomologist of the Kansas state university, recently discovered to be the parasite enemy of the green bug. Since Professor Hunter became convinced of the work of the lady bug as an exterminator, he has constantly kept a number of students from the university in the fields collecting these insects. The bugs have been brought into the university at Lawrence, packed and shipped free anywhere they are needed. In the past two weeks thousands of these destroying parasites have been sent over the south.

They showed quite wonderful results and the demand increased beyond supply.
